

Plastic in the Oceans

Plastipak

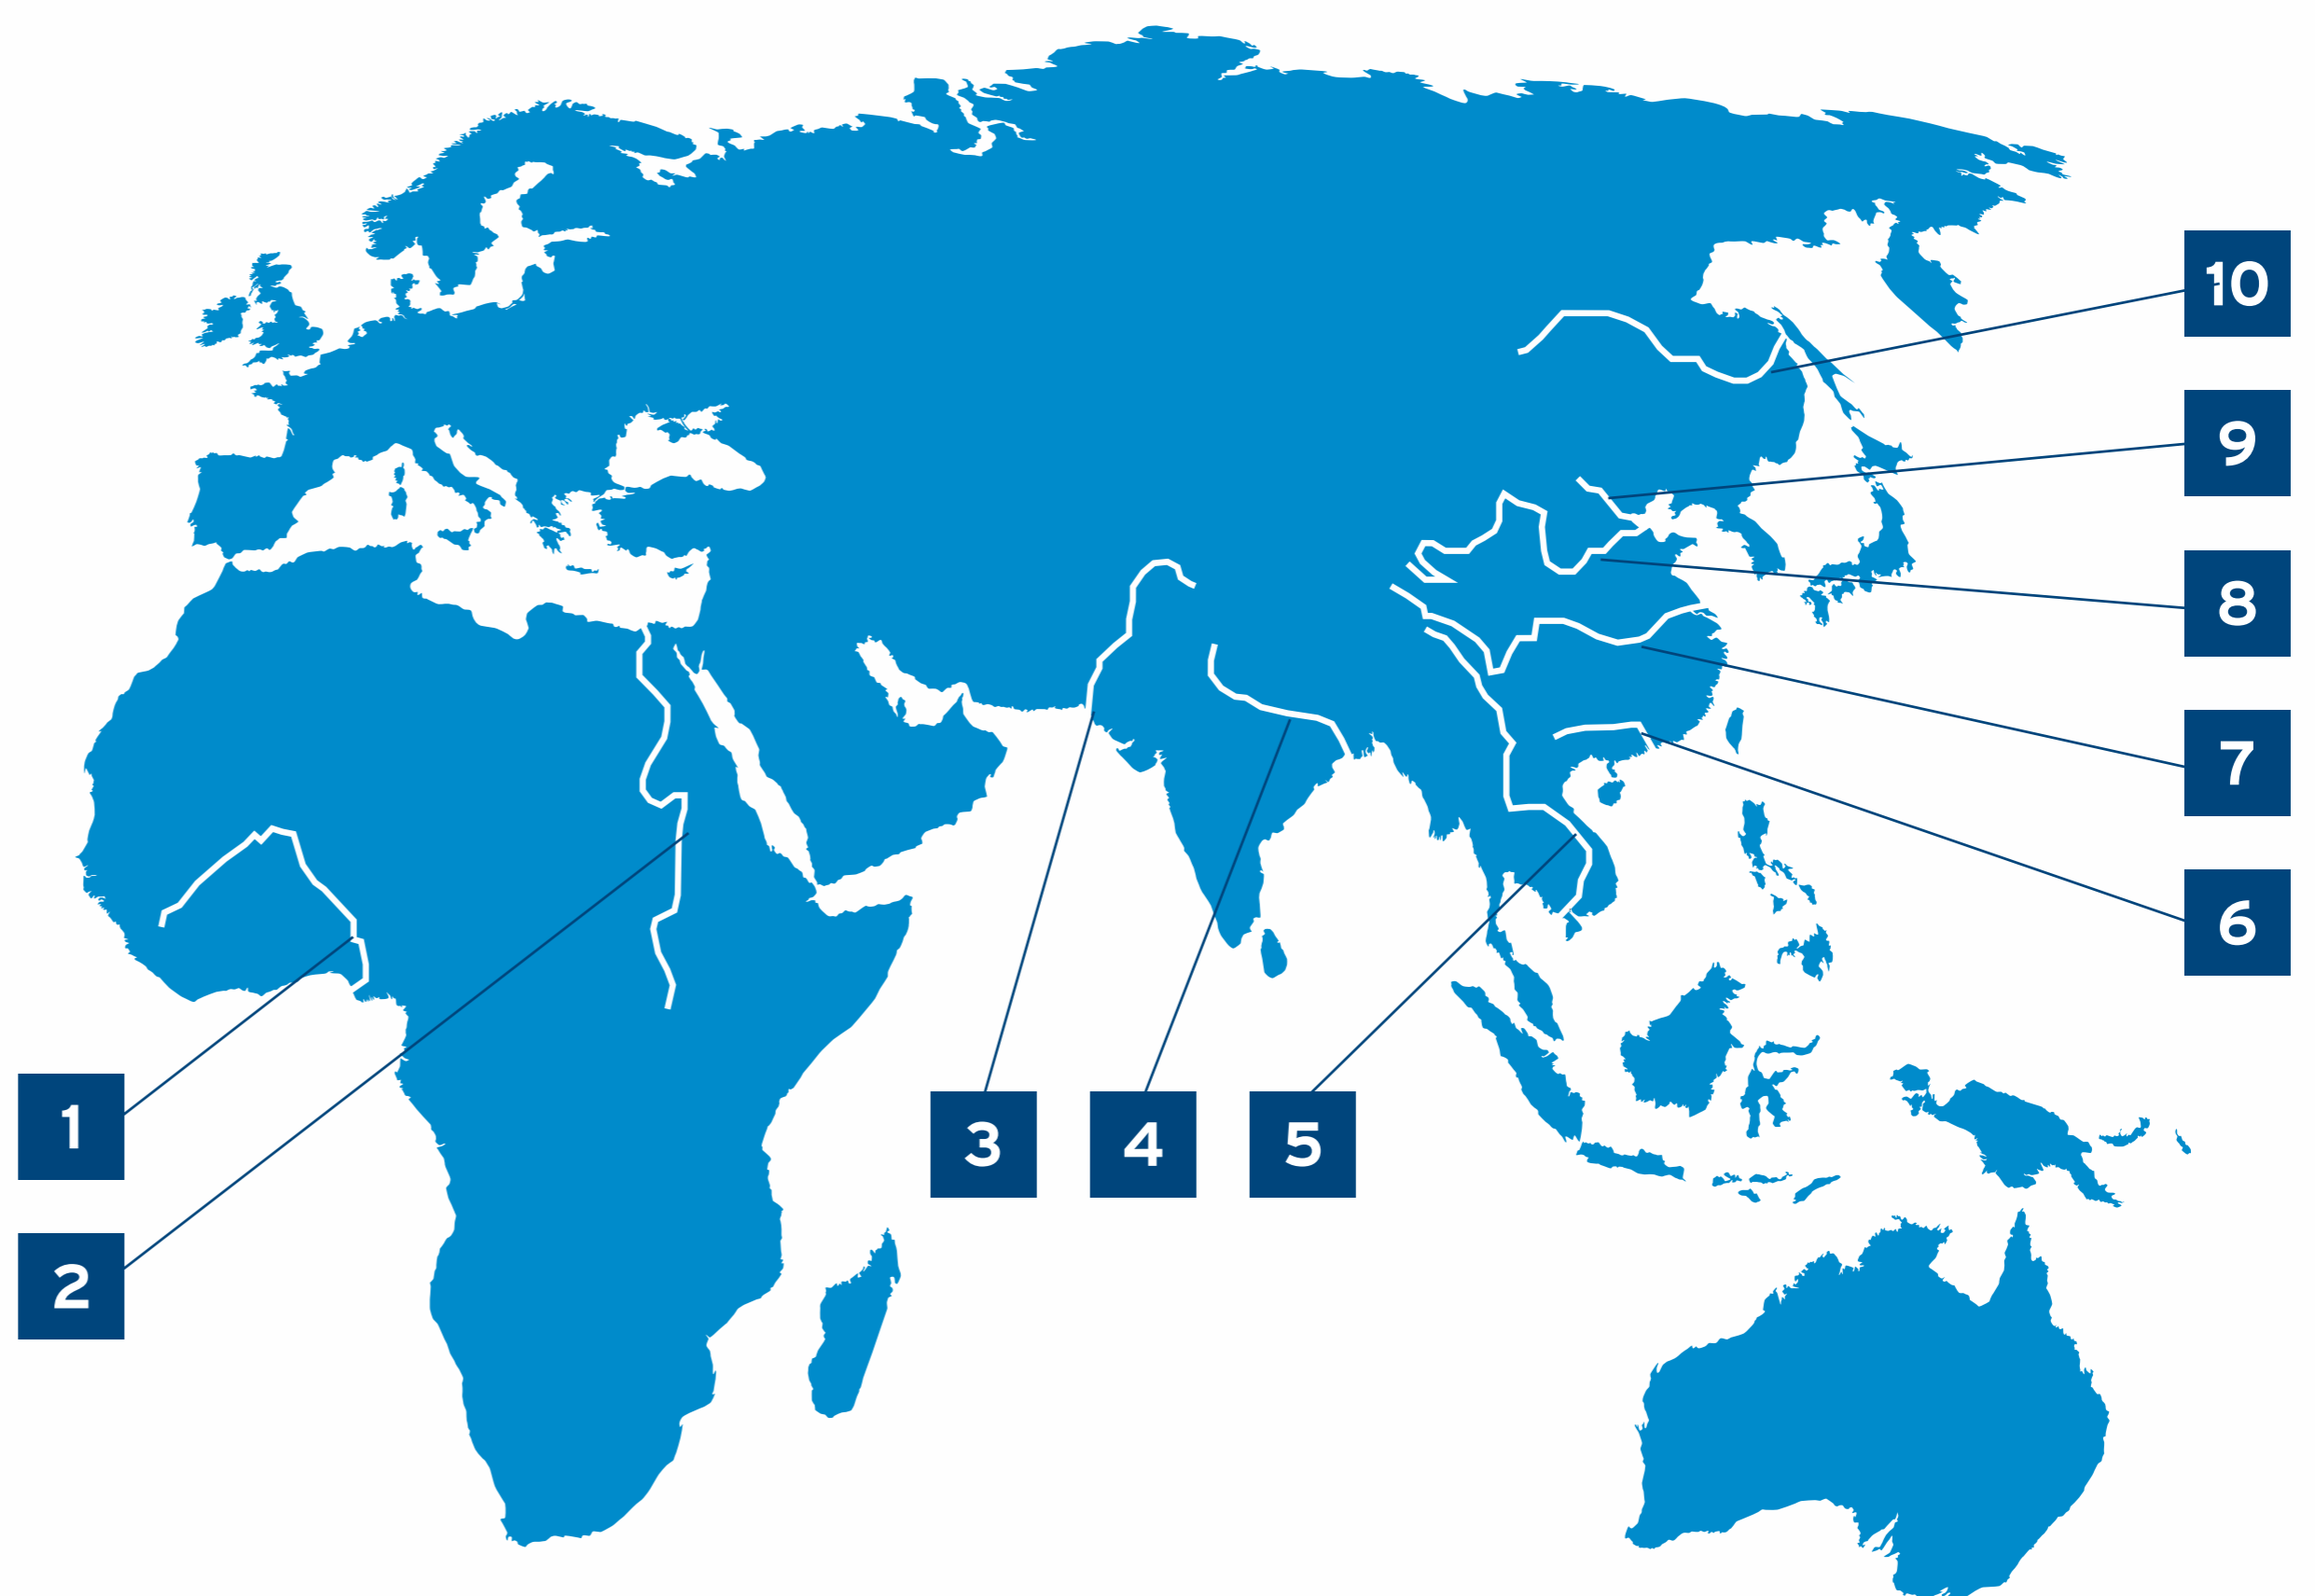

Why is it happening?²

How is it getting there?³

88-95% of plastic waste polluting the oceans comes from just 10 rivers!

1	Niger	6	Pearl River
2	Nile	7	Yangtze
3	Indus	8	Yellow River
4	Ganges	9	Hai He
5	Mekong	10	Amur

What is being done?⁴

<p>Marine Conservation Society</p> <p>Education on littering and environmental awareness</p>	<p>Operation Clean Sweep®</p> <p>A global initiative to ensure raw materials do not enter the aquatic environment</p>	<p>Best Practice</p> <p>Sharing best practice on waste management with high leakage countries</p>	<p>Anti Littering</p> <p>Campaigns such as For Fish's Sake #FFSLDN</p>
